

MASK UPDATE

To comply with San Mateo and Santa Clara County's indoor mask mandates issued on Tuesday, August 3, Menlo Church policy will now be that masks are required indoors for all congregants and staff. Our worship leaders and live preachers will only be unmasked if they are vaccinated and have received a negative COVID test within 72 hours of the service. Our staff and volunteers will have extra masks on hand for those who got out of the habit of carrying one (or three) with you wherever you go.

We know this is a great disappointment to many. Fortunately, God hears our praise whether spoken or unspoken, and even when masked.

Outdoors, masks are still optional. The weather for this weekend looks to be fantastic, and we will continue serving coffee along with individually wrapped snacks at most locations. In some locations, you even get a whole donut, not just the hole!

Blessings to you, our patient and committed congregation.
